Filed: December 18, 2001
For: RADIAL TILT REDUCED MEDIA

DECISION ON
PETITION

This is a decision on the PETITION TO WITHDRAW HOLDING OF ABANDONMENT, filed June 24, 2004, for failure to supply a complete oath with inventors address. On December 11, 2003, the USPTO mailed a Notice to File Corrected Application Papers. On January 9, 2004, a copy of the Notice to File Corrected Application Papers and Newly executed Declarations, including inventor's resident addresses, were faxed to the USPTO.

DECISION

This petition request is accepted as a petition under 37 C.F.R. 1.181 (no fee). A review of the petitioner's evidence provided with the instant petition indicates that the request does have merit.

Applicant has provided copies of everything that were faxed to the office along with an auto-reply facsimile transmission confirmation from the USPTO. Since Applicants timely filed the required reply in the allotted time period, abandonment of the application due to failure o reply was unavoidable on part of the Applicants.

The petition is **GRANTED**.

The response to file corrected application papers will be entered into the file and the application will be returned to pending status and forwarded to the examiner of record for action.
